Children will have a blast while trying to get off of Gorilligan's Island. Once they enter, there is plenty to keep them busy. After getting through all of the play areas they must ride the waterfall slide off the island. This child's crawl through is 60 feet in length and has a Gorilla and Island theme. The crawl through area is a non-inflated surface with a 6' inflatable slide at the end of the unit to insure high throughput. The unit is in a horseshoe shape to make viewing the children easy and comfortable. Recommended for children up to fifth grade
