Inflatable Slides

24' Dual-Lane Wave Slide

Take a ride on a wave! Children and kids at heart will love this towering monster. The visual impact will draw attention as the wave is just about to crash over the top of the slide and the palm trees at the base. True to its namesake, this is not just a straight shot down, but the slide itself has a wave in the lane that the participants slide over. This slide is a huge hit wherever it goes. **Due to the high number of anchor points on this unit, there will be an additional 10% surcharge on the list price if the setup is on a surface requiring sandbags/water anchors. A location in which we can utilize stakes is recommended to avoid surcharge.

Specs:

20' Wide X 30' Long X 24' Tall
